Cole County Extension Center, Central Missouri Master Gardeners and Jefferson City Parks and Rec are sponsoring the Garden ‘n Grow Program for 9 to 12 year-olds this summer. In the Garden ‘n Grow Program, youths will have fun learning about gardening and have related lessons in science, math, and language arts. Each participant will plant and harvest a vegetable patch for home use. The goals of this program are to experience the fun of gardening, to enjoy a feeling of success, and to have the satisfaction of sharing harvested food with others.

Master Gardeners will conduct this program on Mondays and Thursdays 9:00 to 10:30 a.m., June 3 through August 9 at the Demonstration Gardens and the Jefferson City Multipurpose Building in North Jefferson City. The fee for the program is $35 to cover the cost of materials and insurance. Space is limited to the first 20 students that respond. For further information, please contact Jane Kempker at 634-2824 or e-mail her at kempkerj@missouri.edu
